## DANIFI VARTANIAN

Interdisciplinary researcher with a primary focus on agent-based modeling, complex systems, and research software engineering in social, public health, and environmental contexts. Highly skilled in R (including package development), NetLogo, Python, and modern data visualization platforms. Developed and maintained peer-reviewed software and pipelines for academic and applied research, including several R packages distributed via CRAN and models for international collaborative studies.

Extensive experience in managing research projects, grant and proposal writing (Brazilian national agencies, institutional calls), training and mentoring early-career researchers, and delivering scientific communication to both technical and non-technical audiences. Demonstrated ability to work independently and in multicultural, crossdisciplinary teams, including collaborations with international open science initiatives and public sector partners. Committed to reproducible research practices, scientific integrity, and impactful research to address complex societal challenges. Fluent in English and Portuguese, and prepared to relocate and adapt to international academic environments.

### **EDUCATION**

2025 П 2022

### Master of Science (MSc), Complex Systems

University of São Paulo (USP)

São Paulo, SP, Brazil

The University of São Paulo is consistently ranked among the top universities worldwide (92nd in QS 2025 | 199th in THE 2025).

Graduate education focused on complexity science and complex systems modeling, with emphasis on complex networks and agentbased models.

- Published one peer-reviewed article and presented two abstracts at scientific conferences.
- Two additional articles intended for peer-reviewed publications are currently in preparation.
- Founded the Agent-Based Modeling Study Group at the University of São Paulo.
- Thesis website: danielvartan.github.io/mastersthesis

2021 2016

#### Bachelor of Science (BSc), Marketing

University of São Paulo (USP)

São Paulo, SP, Brazil

Undergraduate education with a strong quantitative foundation in calculus, statistics, and finance. The USP Marketing program distinguishes itself by prioritizing analytical rigor and marketing science, in contrast to other undergraduate programs focused solely on communication and creation.

- Final grade: 7.7/10.
- Class rank: 23rd out of 66 students.
- Completed four undergraduate research and extension projects.
- Co-founded the Wellness and Health Commission at the School of Arts, Sciences, and Humanities (EACH).

## RESEARCH EXPERIENCE

#### **LANGUAGES**

#### Present | 2024

#### **Research Fellow**

#### Sustentarea

São Paulo, SP, Brazil

- Developed agent-based models to address the global syndemic phenomenon in Brazilian children under five years old.
- Produced data science reports and software tools for research.
- Designed and delivered training courses on R programming and open science.
- Awarded a fellowship by Brazil's National Council for Scientific and Technological Development (CNPq).

#### **Graduate Research Fellow**

University of São Paulo (USP)

- São Paulo, SP, Brazil
- Developed and analyzed the largest dataset on Brazilian human chronotypes (n = 115,166).
- Conducted statistical tests examining the influence of latitude on chronotype distribution, providing novel evidence for biological rhythm entrainment in ecological contexts.
- Designed and implemented research software tools for data analysis and visualization.
- Participated in graduate-level courses, conferences, and symposia.
- Awarded a fellowship by Brazil's Federal Agency for Support and Evaluation of Graduate Education (CAPES).

### **Assistant Research Fellow**

University of São Paulo (USP)

- São Paulo, SP, Brazil
- Participated in projects analyzing internal and external databases, including the Corações de Baependi Cohort and the Sleep and Pregnancy Project.
- Developed models of biological time series and created research software tools for data analysis, including the R packages {mctq} and {actverse}.
- Delivered training courses and coauthored the first Brazilian
   Actigraphy Consensus, published by the Brazilian Sleep Association.
- Managed and mentored interdisciplinary teams in the development and dissemination of research software, models, and training workshops.
- Participated in the conception and management of extension and outreach projects involving collaboration across academic, governmental, and public health stakeholders.

#### **Undergraduate Research Fellow**

University of São Paulo (USP)

- São Paulo, SP, Brazil
- Organized and promoted outreach initiatives, including <u>Durma na</u> EACH, the <u>15th Brazilian Symposium of Chronobiology</u>, and the <u>2019 Summer Course on Sleep Biology</u>.
- Provided research support for the Sleep Genetics project and other studies involving actigraphy data analysis.
- Engaged in science communication, training, and collaborative scientific events.
- Awarded a fellowship through the Unified Fellowship Program (PUB) from the USP Office of Undergraduate Studies.

## TEACHING EXPERIENCE

2025 • An Introduction to the R Programming Language
University of São Paulo (USP) • São Paulo (USP)

São Paulo, SP, Brazil

Developed and taught a comprehensive beginner-level course introducing researchers to R programming, covering core topics such as computer science fundamentals, R basics, data munging, exploratory data analysis, and modeling techniques.

**Technical High School Program in Administration** 

Government of the State of São Paulo

São Paulo, SP, Brazil

Served as a teacher at State Schools Capitão Pedro Monteiro do Amaral and Professor Colombo de Almeida, instructing Technical High School students in courses including Career and Competencies for the Job Market, Introduction to Administration, Legislation and Human Resources, and Mathematics Applied to Administration.

ACH0042 - Problem Based Learning II

University of São Paulo (USP)

São Paulo, SP, Brazil

Served as a graduate teaching intern for the undergraduate course *ACH0042 – Problem-Based Learning II*, a one-semester course for Information Systems students.

**Introductory Course on Actigraphy** 

18th Brazilian Sleep Congress

🗣 São Paulo, SP, Brazil

Developed and taught an introductory actigraphy course at the 18th Brazilian Sleep Congress, coinciding with the launch of the Brazilian Actigraphy Consensus.

## **AFFILIATIONS**

Present | 2024

2024

2023

2021

#### **RESICLIMA Network**

Researcher

Recife, PE, Brazil

Interinstitutional collaboration of researchers dedicated to climate change studies, with members from leading Brazilian universities—including UFPE, UFPB, UFMA, UFAL, USP, UnB, UFRN, PUC-Rio, and UFU—as well as international partners.

Present | 2024

#### Sustentarea

Researcher

São Paulo, SP, Brazil

Research and Extension Center affiliated with the School of Public Health (FSP) at the University of São Paulo (USP), dedicated to promoting scientific research in food systems, sustainable food, and the global syndemic.

Present | 2021

#### rOpenSci

Software Developer and Maintainer

Parkeley, CA, United States

International nonprofit organization that promotes open and reproducible research using the R programming language.

#### 2nd Best Work

30th International Symposium on Undergraduate Research of the University of São Paulo (SIICUSP)

2nd place in the Best Works Award from the School of Arts, Sciences, and Humanities (EACH) of the University of São Paulo (USP) in the field of Exact and Earth Sciences.

2021 2016

### **Undergraduate Fellowships**

University of São Paulo (USP)

- · Multiple fellowships supporting research, cultural, extension, and entrepreneurship activities.
- As a researcher at the Interdisciplinary Sleep Research Group (GIPSO), I wrote several proposals for undergraduate research and extension activities, securing more than 10 fellowships, which were distributed among group members.

2019

### **Best-Performing Project**

Innovation and Entrepreneurship Incentive Program (InovaGrad) of the University of São Paulo (USP)

Best-performing project from the School of Arts, Sciences, and Humanities (EACH) of the University of São Paulo (USP).

## 👺 EXTENSION PROJECTS

Present 2024

#### **Agent-Based Modeling Study Group**

University of São Paulo (USP)

São Paulo, SP, Brazil

The Agent-Based Modeling Study Group brings together researchers, students, and professionals from diverse fields who share an interest in using agent-based models to better understand and investigate complex phenomena.

2018 2017

## Durma na EACH (Sleep at EACH)

University of São Paulo (USP)

São Paulo, SP, Brazil

Wellness project focused on creating sleep spaces for students, developed at the School of Arts, Sciences, and Humanities (EACH), University of São Paulo.

#### TALKS

2025

#### **Prediction and Interaction in Agent-Based Models**

Agent-Based Modeling Study Group

Online

Delivered at the Agent-Based Modeling Study Group, University of São Paulo, on April 15, 2025.

2025

#### **Modeling the Global Syndemic with ABM**

University of São Paulo (USP)

São Paulo, SP, Brazil

Delivered as part of the Systems Thinking and Complex Systems in Public Health Nutrition graduate course at the Faculty of Public Health (FSP), University of São Paulo, on March 3, 2025.

## **EDUCATIONAL MATERIALS**

Introductory R Course

**ODD Protocol Template** 

Quarto Format for ABNT Theses and Dissertations

Railsback & Grimm (2019) **Business Investor Model ABM** 

Illustration of the Lorenz System

Illustration of the SIR Model

Illustration of Lotka-Volterra's **Predator-Prey Model** 

Illustration of the Bootstrap Method

Illustration of General Linear **Models Using Penguins** 

Illustration of the Central Limit Theorem & the Law of Large **Numbers** 

Illustration of Fisher's Hypothesis in Brazil's **Economy** 

2024 Exploring Comple
RESICLIMA Network

## **Exploring Complexity with Agent-Based Models**

Recife, PE, Brazil

Delivered at the First Meeting of Multidisciplinary Perspectives on Climate Change, organized by the RESICLIMA Network, on August 15, 2024.

2021

## {mctq}: An R Package for the Munich ChronoType Questionnaire

useR! 2021 Conference

• Held online due to COVID-19

Delivered as an Elevator Pitch at useR! 2021 — The R Programming Global Conference, on July 5, 2021.

## **SOFTWARE PROJECTS**

2025

#### FoodClim

Creator and Maintainer

NetLogo model designed to simulate how food yield responds to different climate conditions. Runs in parallel with LogoClim using the LevelSpace extension.

2025

## LogoClim

Creator and Maintainer

NetLogo model developed to simulate and visualize climate conditions using data from WorldClim 2.1.

 An article about this model is being prepared for the Journal of Open Source Software (JOSS).

2025

#### **SISVAN Nutritional Status Pipeline**

Creator and Maintainer

A reproducible R pipeline for processing SISVAN microdata on nutritional status monitoring in Brazil.

2025

#### actverse

Creator and Maintainer

R package providing a tidyverse-style toolbox for actigraphy data analysis.

2025

### **CRAN Logs**

Creator and Maintainer

Shiny dashboard for visualizing download statistics from the Comprehensive R Archive Network (CRAN).

2025

#### **ODD Protocol Template**

Creator and Maintainer

LaTeX and Google Docs template for the ODD protocol, compliant with the formatting guidelines of the American Psychological Association (APA).

R PACKAGES

2025 **• groomr** 

Creator and Maintainer

R package with tools to efficiently tidy and organize R objects and files.

2025 • orbis

Creator and Maintainer

R package with tools to simplifying spatial data analysis.

2025 **quartor** 

Creator and Maintainer

R package that provides a set of tools designed to facilitate the use of the Quarto publishing system.

2024 brandr

Creator and Maintainer

R package developed for managing brand visual identity in data products using the brand.yml standard.

• Published on The Comprehensive R Archive Network (CRAN).

2024 prettycheck

Creator and Maintainer

R package for expressive and user-friendly assertive programming.

2024 entrainment

Creator and Maintainer

Experimental Python rule-based model of 24-hour light/dark cycle entrainment.

2024 • html-colors

Creator and Maintainer

Espanso package for seamlessly inserting HTML color codes into text.

2023 **abnt** 

Creator and Maintainer

Quarto template for theses and dissertations following the Brazilian Association of Technical Standards (ABNT) guidelines.

2023 iramuteqlike

Creator and Maintainer

R package with tools to reproduce the IRaMuTeQ software analyses in R

2022 • lubritime

Creator and Maintainer

R package that extends the <u>lubridate</u> package from <u>tidyverse</u> with additional features for handling temporal objects.

#### mctq

#### Creator and Maintainer

R package providing a tidyverse-style toolbox for processing and analyzing the Munich ChronoType Questionnaire (MCTQ).

- Published on The Comprehensive R Archive Network (CRAN) (+10,000 downloads).
- Peer-reviewed by the rOpenSci Initiative.
- An article about this package is being prepared for the Journal of Open Source Software (JOSS).

#### 2021

#### lockr

Creator and Maintainer

R package for easy file encryption and decryption.

#### 2021

#### refstudio

Creator and Maintainer

R package with tools to extract and process bibliographic references.

#### 2012

#### Crowding

Creator and Maintainer

NetLogo model developed to simulate attendance in bars and restaurants.

### **ACADEMIC EVENTS ATTENDED**

2024 First Meeting of Multidisciplinary Perspectives on Climate Change of the RESICLIMA Network

Participant and Speaker

Recife, PE, Brazil

30th International Symposium on Undergraduate Research of the University of São Paulo (SIICUSP)

Reviewer

São Paulo, SP, Brazil

São Paulo School of Advanced Science on Ecology of Human Sleep and Biological Rhythms

**Participant** 

São Paulo, SP, Brazil

• 18th Brazilian Sleep Congress

Participant and Speaker

São Paulo, SP, Brazil

2021 • useR! 2021 Conference

Participant and Speaker

**♀** Zürich, Switzerland (held online due to COVID-19)

16th Latin American Symposium on Chronobiology (LASC)

Participant Puenos Aires, Argentina (held online due to COVID-19)

16th Brazilian Symposium on Chronobiology (SBCRONO)

Participant and Speaker

Uberlândia, MG, Brazil (held online due to COVID-19)

28th International Symposium on Undergraduate Research of the University of São Paulo (SIICUSP)

**Participant** 

São Paulo, SP, Brazil (held online due to COVID-19)

15th Brazilian Symposium on Chronobiology (SBCRONO)

Participant and Organizer

Tijucas do Sul, PR, Brazil
